

LOCK IT! OR LOSE IT!

Unlocked doors or items left unattended can result in an opportunity for theft! Please lock your doors and DO NOT leave your phones, backpacks or other valuable items unattended in classrooms, labs or study spaces.

- **Record the make, model, serial number.**
- **Download free "Prey" anti-theft software for Windows, Android and Ubuntu operating systems and iCloud for Macs.**
- **Back up your data frequently and do not store sensitive or personal information on your device.**

- **Close and lock your door when your room, office or work area is left unoccupied.**
- **When your residence is unoccupied ensure your windows are closed and doors locked to prevent unauthorized entry.**
- **Never prop doors open that are intended to be locked. An open door is an invitation to enter for unauthorized persons.**

- **Ensure your mobile device is password protected.**
- **Do not leave your mobile device in plain view when unattended.**
- **Enable location services on your device and if your device is lost you may be able to track your device and assist police in recovery.**

- **Fully close your windows and lock your vehicle when unattended.**
- **Store valuable items out of sight.**

- **Secure your bike to an immovable object and secure it with a high quality D-Lock and Cable.**
- **Record your serial number, make, model and cost of replacement along with a photograph.**
- **Register your bicycle with the Peterborough Police Service.**
